

MOUNTAIN WARFARE RAGING ON SEVEN MILE FRONT IN TUG RIVER MINE ZONE

50 Killed, Score Hurt When Radicals Charge Catholics

MEXICO CITY, May 13.—Fifty persons were killed and a score wounded last night in Morelia, capital of the state of Michoacan, say reports to the Excelsior early this morning, when police, aided by unsolicited local radicals, charged a large group of Catholics.

The latter were demonstrating against alleged desecration of their churches last Sunday by radicals.

The Catholic population of Morelia was much incensed Sunday when radicals entered several churches there, broke many images and eventually placed their red flag on the cathedral tower. A demonstration of protest was held yesterday, according to dispatches received here, but was broken up by police, aided by federal soldiers, when clashes with jeering radicals on the sidewalks threatened serious trouble.

The demonstration was renewed again in the evening. Vicente Coyt, inspector of police, led a large unit of fully armed gendarmes against the demonstrators, some of whom carried arms. Later they refused the orders of Coyt that they disperse and when a volley was fired over their heads, the dispatches state, they charged at the police, who leveled their guns at the crowd.

The Catholics, some of whom were women, were dazed at the action of the police and seeing their comrades being dead in the streets, fled in panic. Further outbreaks are feared.

The latest dispatches from Morelia to the Excelsior indicate intense bitterness is being manifested against the extreme action of Coyt, which is believed to have been unwarranted.

Pole Revolt Defies Treaty Of Versailles

LONDON, May 13.—Prime Minister Lloyd George, in a dramatic speech in the house of commons today, concerning the Upper Silesian imbroglio, characterized the action of the Polish insurrectionists as a complete defiance of the treaty of Versailles.

"I think it is right I should speak quite plainly," Mr. Lloyd George declared, "because if these things can happen and we take no notice and do not deal with them with that stern justice which has characterized the attitude of this country in all its dealings abroad, it is going to be fatal to the peace of Europe. If that is disturbed I do not see what is going to happen to Europe."

"I am alarmed, I am frightened that unless some confidence is restored to the world the consequences may be of the most terrible character, because the whole industrial world is so built up on credit and confidence that once that is shaken I do not see how it can be rebuilt."

Mr. Lloyd George declared the treaty of Versailles was the charter of Polish freedom and that she was the last country of Europe who had the right to complain about the treaty. Poland did not win her liberty, the prime minister asserted, her liberty was due to Italy, Great Britain and France.

Sees Little Humor In Cartoon, Seeks Damages

Mile. Cecile Sorel and the caricature which caused the suit and which she smashed on sight.

When Mile. Cecile, well known actress at the Comedie Francaise, Paris, entered the Salon des Humoristes recently her first glance rested on a caricature of herself. It didn't appeal to Mile. Sorel. Indignant, she smashed the painting and in so doing, she says, lost a ruby ring valued at 10,000 francs. She has sued the artist for damages and the price of the ring.

PERSHING IS NAMED TO SUCCEED GEN. MARCH

WASHINGTON, May 13.—Selection of General John J. Pershing to be chief of the army was announced today by Secretary Weeks.

General Pershing will assume his new duties July 1, succeeding Major General Peyton C. March. His assistant will be Major General James C. Harbord, who was General Pershing's principal staff assistant in France before he assumed command of the service of supply.

As chief of staff, Secretary Weeks said, General Pershing will direct training of the regular army and organized reserves which he will command in the event of active field operations before his retirement. He will retain the duties recently assigned to him as chief of the war staff, now being organized.

General Harbord, as assistant chief of staff, will take over all of the administrative details heretofore handled by the chief of staff, Mr. Weeks announced, leaving General Pershing free to direct the organization and training of the army of the United States as a whole, including the national guard and the organized reserves.

In time of war the plan contemplates that General Pershing would immediately assume command of the entire army and General Harbord automatically become chief of staff. In this way General Pershing would pass to the head of the field staff already in process of organization and General Harbord would take charge of the war department general staff and be entirely familiar with all the duties of the post, having performed them in time of peace.

Munitions And Arms Are Rushed to Battle Line, 3 Killed, 2 Hurt

PREVILLE, KY., May 13.—Four persons have been killed and one man wounded in fighting along the Kentucky and West Virginia border during the last 24 hours, according to reports received here today. No names of dead were given.

The principal fighting toward the Kentucky side came from Spriggs, W. Va., according to the reports, when Pike county deputy sheriffs and a number of miners approached the state line. West Virginia state policemen and miners are reported to have participated in the firing.

Earl Smith, a Pike county deputy sheriff, was reported shot and seriously wounded by State Policeman Henry Bentley at the West Virginia end of the tall bridge at Williamson. Smith was said to have participated in a pistol fight with Bob Satterfield at Williamson, and was headed for the bridge with the officers after him when he was wounded. Shots were fired at the officer, all going wild.

Troops Ordered Held In Readiness

CHILICOTHE, O., May 13.—Orders have been received at Camp Sherman from the corps commander at Indianapolis, Ind., to have troops in readiness to move into West Virginia, where trouble has again broken out between miners and state police. A detachment of the 19th infantry will make the trip, if ordered.

Equipment has been ordered prepared by the railroads, including ten passenger cars, two baggage cars, eight or ten box cars, six or eight flat cars and three stock cars.

WILLIAMSON, W. VA., May 13.—Mountain warfare, which raged all of yesterday and intermittently through the night over a seven mile front in the West Virginia-Kentucky coal strike region, was resumed with vigor this morning. Reports sent to Captain J. R. Brocius, of the state police at headquarters, said heavy firing was in progress at McCarr, Ky., the eastern end of the trouble zone, and at Merriam, W. Va., where yesterday's shooting started. Sporadic rifle fire could be heard along the West Virginia and Kentucky borders at Matewan.

An unidentified man was killed on the bridge leading from McCarr to the West Virginia bank of the Tug river this morning, bringing the known casualties to three killed and two wounded. This includes the member of the attacking party reported killed at McCarr last night.

Fiercest Fighting At McCarr, Ky.

The fiercest fighting this morning occurred at McCarr, where, according to Captain Brocius, sympathizers of miners and men on guard at the mines are heavily armed with equipment which includes a half dozen machine guns and automatic rifles. Thousands of shots have been fired at McCarr alone, Captain Brocius said.

Captain Brocius ordered his men at McCarr to refrain from becoming embroiled with the battlers. Asserting that on both sides, the men concealed in the hills and the guards at the mines, he said he would not expose any of his men on that battlefield.

Netted At Altitude Of Kentucky Officials
Captain Brocius was plainly nettled at the attitude of the officials of Pike county, Ky., asserting that no band had been raised so far as he knew to check the firing from the Kentucky side.

A report from the state police stationed at Merriam said a force of twenty or thirty armed men had been observed taking to the mountains on the West Virginia side of the river, and Captain Brocius, anticipating that a concentration of fire was planned at that point, summoned a squad of men from his tiny force and prepared to rush them in motor cars to Merriam.

News that Governor Morgan, of West Virginia, had called on President Harding for federal troops, and that a similar request had been made by Governor Morrow, of Kentucky, was hailed with relief by the state police, the co-operating deputy sheriffs under Sheriff A. C. Pinson and by residents of the embattled towns.

Only Sixty Men To Combat Outbreak

The combined force of state police and deputies available to cover the twenty miles or more of mountainous country where industrial hostilities have centered for a year is scarcely more than sixty men. Of this number it is necessary to maintain reserves and garrisons at points which at present are quiet, but are regarded by the authorities as scenes of possible outbreaks.

Captain Brocius said today that yesterday's fighting was waged by the mountain gun men with discipline and decision.

"The fire at Merriam," he said, "was controlled by a man with a lusty fire horn. When he blew one long blast firing commenced and when he blew three blasts every gun was silenced."

There were rumors at noon that a mass meeting of miners would be held here this afternoon and conferences by union leaders were held this morning with that end in view, although no definite announcement as to the time of the meeting was made.

Hurry With Supplies Of Ammunition

WILLIAMSON, W. VA., May 13.—Chief Deputy Sheriff John Hall left Williamson this morning with supplies of ammunition for the detachment of state police stationed at Sprigg, one of the towns in yesterday's battle zone. Reports from Sprigg a few minutes

Beer For Fish Barred; Law To Prevent It

COLUMBUS, O., May 13.—There are other prohibition laws on the books than the Cullen and Volstead Acts. A. C. Baxter, chief of the state fish and game department insists. He intends to invoke a new one at Springfield to prevent fish of Buck Creek and Mad river, including, with probably deadly effects, from the vast stock of lager beer, of the House Brewing Company, which Springfield officials intend to pour into the streams.

Representative Kay, of Clark county, today asked Baxter whether beer sprays will be harmful to fish. Baxter said beer is to fish what wood alcohol is to men. When told of the proposed dumping of thousands of barrels of beer into the streams, Baxter said he would invoke the anti-stream pollution law against the plans of Springfield officials for the proposed piscatorial party.

WASHINGTON, D. C., May 13.—The Trencher bill to regulate dealings in grain futures was passed by the house and sent to the senate.

Invite Probe Of Conditions At Miami

HAMILTON, O., May 13.—A call was issued today for Miami University trustees comprising executive and student welfare committees to meet Monday at Oxford, Ohio, to investigate conditions described as "evil" by Dr. Archer E. Young, dean of the junior college, who left his work following a demand for his resignation by students.

The call followed a resolution adopted by the faculty, meeting yesterday, that "we disbelieve that conditions as alleged by Dr. Young exist, and invite full investigation by the public, the state and trustees."

Charges of Dr. Young that because of evils at Miami he could not recommend the institution as a desirable place for young men and women were refuted by professors speaking at meeting who termed conditions wholesome.

1100 ABOARD A STRANDED STEAMSHIP

LONDON, May 13.—The Peninsula and Oriental liner Benalla, from London to Sydney, Australia, with 1,100 passengers and crewmen has been beached near the royal sovereign lights, off Cherbourg, France, after a collision with the British tank steamer Palla, says a Lloyds wireless dispatch from North Foreland. The collision occurred in a fog.

A statement issued by the Peninsula and Oriental Company says no one was injured, and that the passengers will be landed this afternoon.

Messages this afternoon announced that 600 of the Benalla's passengers had been landed at New Haven and that tugs were returning to the liner for the remainder.

WASHINGTON, May 13.—Unless a way is found to increase revenues and reduce expenses, the railroad deficit "will have to be met from the national treasury," Chairman Cummings of the senate interstate commerce committee, declared today at hearings on the general railroad situation.

Maxwell Motor Property Sells For \$10,915,000

DETROIT, MICH., May 13.—Sale of the Maxwell Motor Company by auction as ordered by United States District Judge Arthur J. Tuttle some time ago to provide for reorganization of the company with the Chalmers Motor Company was consummated this afternoon. The property was acquired by Walter P. Chrysler, of New York, chairman of the reorganization of the two concerns and Harry Bromberg, of New York, a member of the committee. The sale price was \$10,915,000. Judge Tuttle had stipulated the property must not be sold for less than \$10,000,000.

Favor Kent School Head Be Dismissed

COLUMBUS, O., May 13.—Recommendation that J. E. McGilvery, superintendent of the Kent normal school, be dismissed, are contained in the report of a special committee of the house of representatives transmitted to Governor Davis today, after having been accepted by the house last night.

The report, which committee members say was made after 78 witnesses had been examined, says McGilvery should have been dismissed by the trustees of the school in 1915, and that "his own actions" have disqualified him for the position. In 1915 a motion was before the trustees providing for the ousting of the superintendent. Conditions at the school were bad in 1915, and have not since improved, the report says.

Pilots Called Their Planes "Ash Cans" DRUNKENNESS IN AIR So Drunk He Didn't Know Night From Morning MAIL SERVICE CHARGED Flyers Made Bets That Machines Would Crash

CHICAGO, May 13.—Charges of inefficiency, negligence and drunkenness were made today by witnesses at an investigation of recent deaths in the air mail service being conducted by Charles H. Claraman, postal inspector at Checker Board Field, Chicago headquarters of the service.

The charges were made by G. C. Eversole, former pilot who was discharged from the service after he had made a parachute leap from his plane near Minneapolis last February in what he said was an effort to escape a crash.

Eversole declared that the real reason for his discharge was that he had told postal inspectors of the neglect and inefficiency at Checker Board and other fields.

Paul G. Rickel, inspector of rigging at the Minneapolis Field testified that planes left the Minneapolis Field with propellers so badly split, that people were warned to keep away from the field for fear that the propellers might fly off and injure them.

The eight German Junker planes that cost the government \$235,000, also cost the lives of seven pilots, Eversole testified.

Five of these planes were hopelessly wrecked and the others withdrawn from service because pilots refused to fly in them, he said.

Twenty-five De Havilland planes, known to the pilots as "ash cans," were withdrawn for the same reasons, he declared.

According to the witness attaches of the flying field would lay odds of four to one to ten to one that the De Havillands would never reach their destination after they took the air. Eversole also testified that several of the officials of Checker Board Field often appeared on the field while intoxicated. On one occasion he said an officer became confused and that he ordered a plane to leave the field at five o'clock in the evening, thinking it was five o'clock in the morning.

AKRON, O., May 13.—Reorganization of the Goodyear Tire and Rubber Co. was effected today at a meeting of directors in New York City. It was announced at the company's offices here.

Edward G. Wilmer, of Milwaukee, Wis., succeeds F. A. Seiberling as president.

Other officers are: G. M. Stadelman, vice-president; P. W. Litchfield, vice-president; H. H. Springfield, treasurer; and Charles A. Stillman, secretary.

Juvenile Bureau Head Resigns

COLUMBUS, O., May 13.—Dr. H. H. Goddard, head of the state bureau of juvenile research, has tendered his resignation to the board of administration. It was reported today.

The proposed legislative investigation of his department, cutting of his salary from \$7,500 to \$1,000 and the reduction of the appropriation for his department from \$40,000 to \$25,000, under the new appropriation bill, were said to be causes for the action.

Ray Blackburn, aged 25, well known resident of Otway, is a patient in Schirman hospital the result of being attacked in the right leg by a bore.

The flesh of the thigh of his leg was badly lacerated and gangrene poisoning has developed. However his progress has been arresting and Blackburn is improving.

He says the bore attacked him when he was feeding some pigs. Blackburn runs a store in Otway and is a son of J. E. Blackburn, a storekeeper in Kardin.

Sunday Schools Seek Compromise On Time Question; May Meet At 9:30

At a meeting of sixteen ministers and Sunday school superintendents held last night at the United Brethren church the question of having one time in the Sabbath schools was taken up and discussed at some length. John T. Breese was chairman of the meeting and C. M. Howland, secretary.

At present both new and old time are being used in the Sabbath schools and churches, which causes confusion and according to Sunday school leaders the different kinds of time do not work for any good in the schools.

After some discussion a compromise was reached, the old time advocates agreeing upon 9:30 new time for the hour of starting Sunday school. The

morning church hour would be fixed accordingly by the different churches. No mention was made of the night service, this matter being left with the individual congregations and the churches.

Those voting in favor of the compromise pledged themselves to urge their Sunday schools and church organizations to forget their personal interest for the time being and unite in having one certain time for Sabbath school services the city over.

The change is to be binding only when 15 out of 23 Sunday schools vote in favor of the 9:30 hour. A committee including J. T. Breese, C. M. Howland and W. W. Gates, was named to notify Sunday schools not represented last night of the action taken and urge upon them to take up the matter Sunday morning so they will be able to report at another meeting to be held next week.

First Communion Services

St. Mary's church will be the scene of a pretty event Sunday morning when a class of forty-seven children will receive their first holy communion at 7:30, new time.

The Cecilia Choir will sing high mass. At communion time each child, accompanied by its parents, will approach the altar. It is a very solemn sight to see parents and children receiving the Bread of Life together. In the afternoon at two-thirty, the class will renew their baptismal vows and be enrolled in the confraternity of Our Lady of Mount Carmel. A brown scapular is worn as a token of membership. Six girls and one boy of the class attend St. Monica's school at New Boston. Second mass Sunday will be at ten-thirty, new time. The following children will receive first holy communion:

Marcus Wilbur Ales, Charles Davis Bickel, Robert Frederic Burling, Eugene George Dieker, Andrew Alfred Duplain, Roy Edward Flanagan,

Louis James Fussnecker, John Felix Gibbons, Thomas Haley, Harold Edward Herrmann, William Francis Hoerr, James Francis Mooter, Charles Joseph Montavon, Paul William Petry, Bernard Leslie Rodgers, Leo Charles Server, John William Walter, Eugene Vash, Andrew Marie Burkhardt, Marcelle Marie Burling, Margaret Cecilia Burling, Frances Elizabeth Burling, Dorothy May Carroll, Nedella Crowe, Hazel Louise Dailey, Irma Cecilia Debo, Alma Louise Drennen, Catherine Mary Fussnecker, Mabel Cecilia Gibbons, Ruth Josephine Gibbons, Frances Gates, Teresa Elizabeth Harter, Mary Haley, Dorothy Josephine Kulitel, Elizabeth Monica Kopp, Mary Barbara Kirby, Dorothy Mary Mershon, Louise Eleanor Montavon, Irma Carolina Scott, Helen Louise Snyder, Mary Rebecca Snyder, Rosemary Sommer, Mildred Catherine Spangler, Catherine Eunomia Walter, Mary Frances Whalen, Beatrice Wilson and Rosella Elizabeth Warner.

ASHLAND MAN SHOT DOWN IN STREET FIGHT; LABOR TROUBLE IS BLAMED

Frank Allen, a sheet mill worker, of Ashland, Ky., was shot in the neck and died on his way to the King's Daughters' Hospital in that city about 10:30 o'clock this Friday morning. The shooting is said to be the result of labor trouble at the Ashland steel plant.

Men giving the names of Cecil Green and Roscoe Sloan, Ashland men, who are the alleged gun users, surrendered to the sheriff at Catlettsburg about an hour after the shooting.

Allen, according to the Ashland police, was a union steel worker, while Green and Sloan are said to be strikebreakers.

Allen was in his automobile and Green and Sloan were in a machine

when they passed on Nineteenth and Front streets. The machines stopped and the men it is claimed got out of their machines and took up an old argument which in a few minutes resulted in the shooting. Allen was shot in the neck. He was placed in an ambulance and rushed to the hospital, but died just before reaching there.

The dead man has a sister, Dr. Verna Allen and a brother Dr. F. L. Allen, in Ashland. Green and Sloan have been residents of Ashland for some years.

Shortly after the shooting the Ashland police notified nearby cities to be on the lookout for Green and Sloan, who left Ashland in an Overland machine. The local police were among

the ones notified. Later the two men surrendered at Catlettsburg.

Body Of Hero To Arrive Saturday

Saturday noon the body of Horace Busser, Scioto county soldier who was killed in action in France, Nov. 2, 1918 is expected to arrive at Wheelersburg where Undertaker Frank McCurdy will take charge and remove it to the home of a brother, Elmer Busser, Lyra Pike, near Vernon.

Funeral services will be held from the home Sunday afternoon at 2:30 o'clock with the Masons of Western Sun lodge of Wheelersburg in charge. Busser was born at Wheelersburg, Oct. 6, 1887, a son of the late Aaron and Flora Busser. He was working in this city as bricklayer when he entered the service of his country going to Camp Sherman with a group of 267 young men from this country June 25, 1918. After training there he went overseas with the 54th Division arriving there in September, 1918. Later he was transferred to Co. A, 347th Reg. Machine Gun Co., 91st

Div. Notice of his death was received by local relatives Dec. 11, 1918. A telegram received Thursday notified local relatives of the arrival of the body in New York. The remains were to be shipped from New York Thursday night and are due to arrive at Wheelersburg Saturday noon. Busser was a member of Scioto Lodge No. 31 I. O. O. House Will Try To Pass Tax Bills

COLUMBUS, O., May 13.—Not despairing at failure of the joint conference committee of the two houses to agree upon a taxation amendment, the house today will again take up the task and try to pass either the Dunn resolution or that offered by Silver, of Preble county, either in their present or in a modified form. If these fail, it is not expected the house will make any further attempt to solve the taxation problem.

The Dunn resolution embodies most of the recommendations made by Governor Davis' citizens' taxation committee and provides for straight classification with 12 and 15 mill rate limitations on rural and city property respectively. The Silver resolution is similar to the Dunn resolution. Both failed of approval by a two-thirds vote in the house acting as a committee of the whole.

of the house and the president of the senate last night and were delivered to Governor Davis today for his approval or veto.

The purpose of the senate in desiring to recess for ten days is to give the governor an opportunity to act on these bills and then return to correct any mistakes which the governor may discover or to pass bills over his veto if the governor's action is not satisfactory to the senate.

Jackson News

Mrs. W. M. Johnson returned to her home in Pittsburgh Saturday having been called here by the death of her sister, Mrs. Elizabeth Lackey.

Miss Orpha Alexander spent Sunday among friends and attended the funeral of Jacob McClure at Rocky Hill.

Mrs. W. A. Stephenson returned home on Tuesday after spending the winter in Florida.

Mr. Frank Chestnut of Toronto, Canada, visited with his father, James Chestnut and sisters on Thursday.

Mrs. Edith Ceder Carr of New York will come to Jackson on Monday with the New York Casket Co. and remain for a visit of ten days with Miss Jeanette Chestnut and Mrs. Kate McClure. The three ladies studied music together in London, England.

Mrs. Chris Watson has returned from a visit in Columbus.

Mrs. C. C. Hunsce was hostess to the Modern Preseilla club Tuesday afternoon and had a full attendance of the entire club. Refreshments and refreshments took up the afternoon.

The staff of "The Skeleton" of the local high school held a spread at the school building on last Monday evening. Tow teachers, Misses Evans and Palmer enjoyed the affair.

On Tuesday evening of this week Mr. Thomas Washam and Miss Bernice Evans were married by Rev. W. H. Mitchell and left immediately for Columbus on a short wedding trip. On their return they expect to live with his parents, Mr. and Mrs. W. T. Washam on Portsmouth street. They are both well known young people. Miss Evans is the only daughter of a sheriff and Mrs. Dan Evans and a charming and popular young lady. She graduated from the local high school last spring and has been a clerk in the D. C. Martin Dry Goods store until her marriage. Mr. Washam assists his father in business.

Annual Junior-Senior
The following program was given at the Junior-Senior Reception:
Address of Welcome—Miss Enid Knox, Junior President.
Response—Ralph Peters, Senior President.

After the banquet, Mr. Marquiss as toastmaster took charge. The Junior-Senior club gave two songs. Prof. Morgan responded to a toast in a delightful way. Misses Blodwen James and Myrtle Bloung gave a piano duet followed by a vocal solo by William Johnson. Prof. Henson gave a short toast. After the program the rest of the evening was given to dancing, the music being furnished by Miss Laura Morgan and Messrs. Dwight Jones, William White, Frank Cavett and Edward Callahan.

Two Marietta students, Theron Arthur and Wilbur Jones came home to spend Sunday with their parents.

Halvor Mohat came home from Athens to attend the funeral of his grandmother, Mrs. Fred Tinger.

Common Pleas Court
A suit was filed in Common Pleas court on May 7th by J. R. Welch of Byer, Ohio, against Jerome L. Goodrich of Wellston. This is an appeal from the Justice R. B. Williams' court the bill of particulars stating that the plaintiff is the owner of a black Jersey cow about six years old and that he is entitled to the immediate possession of said property, which is being wrongfully detained by the defendant.

The case of Charles Doty against S. C. Goodrich which was filed April 19th has been withdrawn because Mr. Goodrich was not the owner of the automobile mentioned in this suit and another suit filed against F. E. Goodrich (wife of S. C. Goodrich) who is the owner of the car.

On Saturday morning a demurrer in the case of J. K. McClung adm. vs. The Jackson Iron and Steel Co. was argued in Common Pleas court. Judge Wortell of Athens heard the demurrer and will sit in this case for the reason that Judge Demmer Jones was formerly attorney for the furnace company. Messrs. Willis and Jones and John Harper are attorneys for plaintiff and Edgar Morgan and E. E. Eubanks attorneys for defendant.

An appeal to Common Pleas court in the case of Mattie Stephenson, widow of Benjamin F. Stephenson, deceased, vs. the Industrial Commission of Ohio, was filed May 10th by Eran Eubanks, attorney for plaintiff.

Grand Jury
The Grand Jury for the May term of Common Pleas court was empaneled by Judge Jones and after hearing the charge of the court started its work. Charles H. King, who is the teacher of a large Meigs class in a Wellston Sunday school was named as foreman of the jury. The personnel of the jury was changed by reason of several of the regular venire having been excused. The following tallies were called as jurors: James W. Jarrott, P. W. Christ and W. O. Davis. The others were David James, W. T. Vlier, Albert Woodruff, Edna DeLoe, W. E. Lewis, Ervle Allison, J. Everett Rice, Elmer Morgan, Charles Andrews, L. A. Welch, W. L. Kinnison. Tuesday the Grand Jury completed its work having examined forty-one witnesses, investigated twenty-one cases, finding twelve true bills and ignoring eight.

In the case of Frank Delay, Trustee, etc., vs. Belmont Alesbury et al. an answer and cross petition, a reply to the answer of S. L. David and a demurrer to the answer of Brown et al. have been filed.

John Seel and James Canby were arrested for drunkenness and fined \$2.00 and costs each.

HOUSE WILL PROBABLY ASK THE GOVERNOR TO ADJOURN SOLONS

COLUMBUS, O., May 13.—Unless the senate has a rapid change of heart,

which is not considered probable, Governor Davis probably will be asked by the house of representatives to use his constitutional authority to adjourn the 54th general assembly Saturday.

More than 100 bills passed by the legislature during the closing days of the session were signed by the speaker

GIRLS! LEMONS
BLEACH FRECKLES
AND WHITEN SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of the best freckle and tan bleach, and complexion whitener.

Massage this sweetly fragrant lemon lotion into the face, neck, arms and hands each day and see how freckles and blemishes bleach out and how clear, soft and rosy white the skin becomes.

House leaders, backed by practically the entire membership of the lower branch, declare they will adopt a resolution providing for final adjournment Saturday. They also assert that the resolution probably will carry a request that Governor Davis adjourn both branches, as the senate is not expected to concur in adopting the final adjournment resolution. Senate leaders said they still are holding to their former plan to recess Saturday for two weeks, then again until next January.

With the two houses unable to agree on a date for final adjournment, the governor is authorized by the constitution to adjourn them without date. It is expected the governor will exercise that authority unless the senate about-faces at the last minute.

EPSOM SALTS
LIKE LEMONADE

You can now buy real epsom salts without the awful taste and nausea, by asking your druggist for a handy package of "Epsomade Salts" which looks and acts exactly like lemonade, because it is pure epsom salts combined with fruit derivative salts, giving it the taste of sparkling lemonade.

Take a tablespoonful in a glass of cold water whenever you feel bilious, headachy or constipated. "Epsomade Salts" is the much talked of discovery of the American Epsom Association.

Fisherman's Bill May Outdo Cat With Nine Lives

COLUMBUS, O., May 13.—The cat with its nine lives appears to be about outdone by the fisherman's license bill.

Given what was believed an ignominious burial after having been "skilled" many times, it is beginning to show life again, and it is not beyond the realm of possibility or even probability, that by the time the legislative session ends for good, the fisherman's license bill will be one of the most

active bills introduced during the session.

Another attempt to revive the bill probably will be made tomorrow, it was said on good authority tonight, and Majority Floor Leader Crabbe, of Madison county, it is said, will withdraw his objections and let the bill pass after it has been amended to remove the penalty feature.

An attack on Mr. Crabbe's character by Deputy Fish and Game Warden Dan McGuire, of London, resulted in the bill being tabled in the house about two weeks ago.

GERMANS PREPARING TO CROSS THE ODER IN DRIVE AGAINST POLES

MRS. NANCY WESTCOTT, of Syracuse, N. Y., who declares Tanne is the greatest medicine on earth. Says it built her up to where she is just brimful of new life and energy.

"I just think Tanne is the greatest medicine on earth and I can never praise it enough for what it's done for me."

"For two years I was in a badly run-down condition. I had no appetite, and after every meal I would be in awful distress from indigestion and bloating. My nerves were on edge, and I could never get a good night's sleep. I felt tired and worn out all the time, was losing weight, and many times I was so weak I couldn't look after my housework. I just felt miserable."

"Tanne helped one of my friends so much that I began taking it and it has certainly built me up into splendid health. My appetite is so big I can hardly get enough to eat now, and I am never troubled a particle with bloating or indigestion. My nerves are as steady as clockwork, and I sleep like a child at night. I have recovered my strength and am just brimful of life and energy. In fact, I feel better than I have in years. My gratitude towards Tanne is unbounded."

The above statement was recently made by Mrs. Nancy Westcott, 121 Market St., Syracuse, N. Y.—Advt.

Plans New Expedition Into Arctic

PASADENA, CAL., May 12.—Another expedition into the Arctic regions in two or three years is planned by Vilhjalmur Stefansson, the explorer, he announced here today at the residence of Ernest DeSoren Leflingwell, also an explorer, where he is a guest.

Despite the discovery of the North Pole, Stefansson says, there remains much room for exploration in the Arctic.

"The center of the ice bound regions of the north never has been reached by man," he said. "The North Pole region is four hundred and fifty miles from the edge of the ice area, while the center is eight hundred miles from the edge. We are centering our interest on getting to the center and finding out what is there. I have no theories. It may be land or ice."

OMPEL, SILESIA, May 12.—(By the Associated Press)—German forces on the left bank of the Oder river are being gradually augmented by the arrival of former German soldiers from Bresslau and a number, it is known, are coming from Germany. Several hundred security police from Hamburg and Kiel, and a few from other German cities, have reached Briesk, 20 miles northwest of here, and are authoritatively reported to have placed themselves at the disposal of German authorities there.

There are rumors here that the Germans will take the offensive, probably within a week, when their preparations are complete. The Poles, in the meantime, are known to be strengthening their positions with artillery, although they are not advancing. French sources declared that Admiral Korfanti, leader of the Polish insurrection, has "heeded General Leland's instructions for the first time and suspended his offensive."

The French deprecate statements published by the Poles that the allies have accepted the present battle lines as the new frontier between Germany and Poland. They declare these statements tend to excite the German population, making re-establishment of order more difficult.

A German counter offensive, it is believed, can not be prevented unless the Poles evacuate their positions, the impression prevailing among German leaders that if the Poles are permitted to hold territory they have occupied, the Germans would have similar rights, should they succeed in driving out the invaders, and occupying the same region themselves. The inter-allied commission is holding frequent conferences, but it is said there is no intention to re-enforce troops here, and there has been no recent redistribution of these forces.

CLEVELAND, O., May 12.—Cornell University graduates from many cities gathered here today to talk over school memories, boost the interests of their college and discuss educational topics. It is said to be the first national convention of alumni ever held away from the seat of the alma mater. The slogan of the convention is "Don't Just Get Educated—Keep Educated."

Professor Paul Shorey, of the University of Chicago, and Dr. James Parker Hall, dean of law at the same university, were on the morning program for addresses on "Cultural Versus Materialistic Education." Acting President A. W. Smith, of Cornell University, is scheduled to speak on "Cornell."

Two-Ke Alfred Sze, Chinese minister to the United States, who was graduated from Cornell in 1901, will arrive tomorrow. He will address the convention on "International Influence of American Education."

The convention will continue through tomorrow.

DR. C. C. ADAMS BACK; DENIES HE INTENDED TO DEFRAUD ANYONE

Waiving preliminary examination when brought into Municipal court Friday, Dr. Charles Chester Adams, until recently located in this city, was bound over for grand jury action under \$2,500 bond by Judge Sprague on a charge of obtaining money under false pretenses. Attorney Luther Thompson represented the accused.

The defendant, who was arrested at Bellefontaine, Wednesday, at the instance of local authorities, was returned here last night by Sheriff E. E. Bickley, who arrived here from Lexington about seven o'clock in an automobile.

The warrant on which Adams was arrested was sworn out by Edward S. Breez, 1655 Gallia street, and alleges that the doctor defrauded him out of \$1,000 by certain false representations under which he was induced to purchase an interest in the drugless healing business and assist in its operation for which he was to receive \$100 a week.

When seen at the county jail Adams declared he had no intention of defrauding anyone and claimed that two weeks before leaving here he dissolved partnership with both Breez and Arthur and Manfred Crawford, at which time he stated he turned back to them their notes, aggregating \$3,000. The doctor admitted owing the Crawfords \$1,500 and a similar amount to Breez, which they had put in the business, but he asserted that at the time of the dissolution it was expressly agreed that they would give him a reasonable time to carry out his plans to open a chiropractic school at Bellefontaine so that he could earn the funds necessary to pay the claims.

The doctor is held at the county jail in default of bail, but his father, of New Lexington and brother of Columbus were expected to arrive during the day to make an effort to secure the release of the accused and to straighten out his tangled financial affairs.

The list of claims against the doctor continued to mount Friday, when W. W. Allen, 2211 Robinson avenue, appeared with a note signed by Adams on which he claims there is a balance of \$450 unpaid. Allen stated that last September, shortly after Adams came to Portsmouth, he purchased an interest in the chiropractic business for which he paid \$750 and took the note when he retired two months later. He said that afterwards Adams made payments on the note reducing the amount to \$450.

MANDAMUS SUIT FILED FOR VOTE ON DAVIS' REORGANIZATION MEASURE

COLUMBUS, O., May 12.—Suit to compel him to permit a referendum on the state reorganization bill was filed in the supreme court today by Senator J. F. Burke, Republican, of Elvira. Date for a hearing on the suit was not fixed.

The petition filed by Senator Burke alleges that the secretary of state has refused to approve the form of a referendum petition submitted to him on the grounds that the bill, having been passed as an emergency measure "for the immediate preservation of the public peace, health and safety" is exempt from the referendum.

The petition avers that inasmuch as the law does not become operative until July 1, "it can not be truthfully classed as an emergency law and that it has no legal relation to the immediate preservation of the public peace, health and safety."

Attaching one of the reasons for the emergency act set forth in the bill, the petition avers that the condition of the state treasury referred to is not different that has existed for several years and that this condition cannot be remedied by the action of the legislature.

One of the arguments for making the bill an emergency was that the state treasury was being depleted and that passage of the reorganization bill was necessary to check this condition.

Unless the emergency clause is held invalid by the supreme court, Senator Burke alleges in his petition that the power of the referendum in this state will be nullified.

The court is asked to compel Secretary Smith to appear and show cause why a writ of mandamus should not be issued compelling him to permit the referendum.

Attorney General Price was not made a party to the suit. The attorney general today refused the request of W. W. Durbin, chairman of the state Democratic committee, to appear a petition for a petition for referendum on the reorganization bill. The Democrats expect to file a similar suit against the secretary of state, asking the reorganization bill.

HOLY REDEEMER CHURCH NEWS

Saturday of this week, being the vigil of the feast of Pentecost, is a day of fasting.

Pentecost Sunday will be observed with due religious solemnity. This great Christian feast commemorates one of the most important events of Christianity, the complete organization of the Church of Christ. On Pentecost Sunday the Holy Ghost, the Third Person of the Most Holy Trinity, descended in a miraculous manner in the form of tongues of fire, over the head of each of the Apostles gathered together in the Cenaculum in Jerusalem. The Holy Ghost in uniting himself with the church will enable it to keep it forever in truth, unity, love and holiness.

The feast of Pentecost affords the Catholics, clergy and laity of America an opportunity to generously contribute to the cause of Christian education of young men aspiring to the priesthood. The collection taken at all the Masses on Sunday will be for the benefit of Seminarians.

British Trainmen Refuse To Handle Imported Coal

LONDON, May 12.—The National Union of Railway Men today stepped actively into the fight in support of striking British miners, taking measures designed to prevent the transportation by rail of coal imported to replenish the nation's fuel supplies.

The railway men's action took the form of a decision by the executive committee that members would not handle imported coal, no matter for what purpose intended, and instructed members not to handle any coal of any description loaded or previously loaded by "black leg" labor.

C. E.'S REGRET DEPARTURE OF REV. HORST

Last evening the Christian Endeavor Society of Second Presbyterian church banqueted in social rooms of the church, the festivities beginning at 5 o'clock. This banquet was the result of a membership contest between two factions of the class, the "Reds" and "Blues," the "Reds" winning by a close margin.

The "Blues" very gracefully suffered defeat and prepared an elegant menu. Miss Helen Shriver, Miss Katherine Ridenour, and Miss Jennie Mae Jones formed a committee in charge of the affair, and John A. Lloyd was toastmaster.

The first toast was by Miss Katherine Ridenour, who was captain-general of the contest. Miss Mildred Parham had the second toast, reviewing the basting side. Miss Evelyn Campbell gave the response. Rev. Dr. George P. Horst gave a delightful talk and W. P. Ridenour, president of the society, responded.

The following resolutions were voted upon and adopted by the members:

A RESOLUTION
There is a sweetness to Christian Fellowship which makes the follower of the Lamb the envy of all persons. This sweetness is best shown when the mystic purposes of the Almighty break through the barriers of human will and, smashing asunder the bonds of friendship, the claret call to further and greater duty is heard and answered.

For nearly six years there has been existing a bond of love between this church and this people. God has done wondrous things with Second Church showering His blessings with a kindness and a patience only understood when the benevolent character of the Great Father is known.

Six years have we labored together; not always agreeing as to plan; but ever united as to purpose; that His Kingdom might be builded up, that He might have the pre-eminence. Now has come the time of parting. It is typical of humanity that it cannot fathom the will of God. Likewise is it typical of God that He is all-wise and all-powerful, choosing here and rejecting there, calling one and leaving the other; and it is fitting for the human creature to bow in peaceful submission, with becoming rejoicing at the will of the Sovereign.

So may the expression of the sentiments of this Christian Endeavor Society be expressed in the following resolution:

Be it resolved: That regret be expressed over the departure of our

COAL MINER RETURNED TO STEADY WORK AGAIN

No More Lay-Offs for Otto Dellman, Since His Health Has Been Restored By the Aid of Nerv-Worth

"Some days I could not work all day because of the misery I was in from gas on my stomach and belching, and I couldn't eat anything at all. Sleep at night was unknown to me. I have taken a bottle of Nerv-Worth and now I am able to work steady, and I can certainly

recommend Nerv-Worth for what it has done for me." Thus wrote Mr. Dellman who resides in the West End, Piquette, Pa. The above statement tells its own story. If you suffer from nervous or stomach disorders, a general run-down condition, or their attending ills, give Nerv-Worth a trial. Remember, if your first trial bottle is not satisfactory, your druggist is authorized to refund your money. Nerv-Worth is sold and recommended by Fisher & Stretch—Adv.

Evans Guilty Of Assault

Milford Evans, West End teamster, the jury, which reported yesterday was brought to trial in Common Pleas court Thursday on an indictment charging shooting with intent to kill. The entire panel concurred in the verdict.

The shooting, which Evans admitted, occurred in Seymour's barn, on West Fourth street, on March 19 last, when the defendant pulled a gun and shot Hugh Callahan, also a teamster, in the side, after the testimony showed, the latter had assaulted him with a beard.

The prosecution claimed that the shot was fired without just cause or justification, while the defense relied on a plea of self-defense, contending that Callahan precipitated the trouble and was the aggressor. Both men were employed at the time by Frank Seymour, contractor. Callahan was shot

in the left hip, but was not seriously hurt.

Attorneys Blair and Blair, who defended Evans, gave notice of their intention to file a motion for a new trial. Prosecutor Sheppard appeared for the state.

Ford, Hay, Straw And Feed Consumed When Barn Burns

Fire which caused damage estimated at \$1500, destroyed a one-story tile barn, a Ford touring car 1918 model, 50 bales of hay, 150 bales of straw and about 500 pounds of dairy feed belonging to John Held, storekeeper, of Linwood addition, Scitoville, shortly after eleven o'clock last night. The fire was of undetermined origin. Mr. Held being at a loss to account for the start of the flames, which had gained rapid headway before they were discovered by Mrs. Davenport Manuel, who lives next door.

The Ford machine was put in the barn by Held about six o'clock, and according to the owner, had the machine been over-heated the fire would have started before eleven o'clock. When Mr. Held reached the barn the heart of the fire was in the baled hay and straw and the flames were just communicating to the machine.

The East End engine company of the local fire department responded to a call from Linwood and the firemen succeeded in keeping the flames from spreading to other nearby property. Water in a 15 gallon cistern back of the Held store was used by the firemen along with chemicals.

Mr. Held has \$500 insurance on the property.

Hazelbeck will insure you.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony troubles, eyes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Wheelersburg—Dear Dolly—As I have been a constant reader of your column, I will congratulate you on some of your answers. I am 14 years of age, and weight about 135 pounds. Now, Dolly, I am fine looking in the face, but I'm too fat. I have Auburn hair, grey eyes and fine complexion. Please give me a method of reducing weight without taking medicine. Also how to make home-made taffy, using just plain flavoring, etc. Am I too young to walk and talk with boy friends? Please publish in paper as soon as possible.

Dear Dolly—What is Curry powder, and what is its use?

Curry is a preparation native to Hindustan, and has become very popular among the English since their domination in India. It is a mixture of highly pungent spices and is believed to have a salutary effect on the digestion. The natives eat it liberally in sauces for meat and fish, which would be unimpaired for Occidental palates. A modern proportion of the powder gives an agreeable unique flavor that is much liked. In using curry, one should season to suit the taste.

The home of Mrs. John Peckles, on Second street, was thrown open to her friends this afternoon during the hours from three until five o'clock. The delightful interior was charming with spring decorations of lavender and pink, the colors being carried out in the glowing hues of iris and snapdragons, artistically placed about in bowls and clusters throughout the rooms.

Receiving with Mrs. Peckles were her daughter, Mrs. Stacey Arrowood of New York, her daughter-in-law, Mrs. Joseph Peckles of Hentley, and Mrs. William Tracy of Columbus, who extended a cordial greeting to one hundred and fifty callers of the afternoon.

Following the brief exchange of greetings, the groups were invited to the dining-room by Mrs. L. P. Haldeman and Mrs. Samuel M. Johnston, who lent their gracious assistance to the charming occasion. Here, amid the same beautiful colors, a huge bowl of iris and snapdragons formed a lovely centerpiece at the table, where Mrs. L. P. Vandervort poured during the first hour, and Mrs. Russell Anderson during the second hour.

An attractive and refreshing ice-cream, coupled with dairy cakes and candies, in lavender and pink, was served to the guests by Miss Emma Johnston and Miss Helen Haldeman.

Among the women from Portsmouth who attended the meeting of the Portsmouth District of the W. H. M. S. at Sciotoville on Thursday were: Mesdames Mattie Jenkins, Henry Amberg, Howard Sellards, John T. Breese, George Beaulieu, C. H. Engle, B. F. Bennett, Joseph Carlin, Emil Arthur, B. F. Rose, U. S. Cornette, Otto Apel, George Ashenbary, L. N. on Buffalo street Wednesday morning an 8 1-2 pound baby girl. While working on top of a telephone pole here Tuesday a fireman from Oak Hill was unfortunate in having the pole break off at top of the ground and fall. He jumped off to the ground, a distance of about 20 feet, in the opposite direction of which the pole fell, and escaped uninjured. The accident happened at the corner of Oliver avenue and John street near Levi Kuo's residence. R. & O. operator O. S. Ray was called to Chillicothe Wednesday on business.

Will Be Transferred After City Schools Close

In order that the inmates of the

WATER CURE FOR RHEUMATISM

Children's Home may not miss a day of school, it has been decided not to transfer the little wards of the county to the elegant new home just completed near Wheelersburg, until after the city schools close early in June, it was stated by officials Friday.

The connections new structure erected by the county at a cost of many thousands of dollars was recently given a final inspection and accepted by the officials and it is being put in readiness to receive the children when moving time comes. The furniture and fittings are now being installed and everything will be complete within a few days for the care of the tots when they get there.

Kills Pesky Bed Bugs P. D. Q.

Just think, a box of P. D. Q. (Pesky Devils Quietest), makes a quart, enough to kill a million bedbugs, roaches, fleas or cockroaches and stops future generations by killing the eggs and does not injure the clothing. Liquid fire to the bedbugs is what P. D. Q. is like. Bedbugs stand as good chance as a snowball in a justly fumed heart reason. Patent spot free in every package of P. D. Q. to enable you to kill them and their eggs in the cracks. Look for the devil's head on every box then you'll have what Hospitals have found to be the best insecticide known to science. Special Hospital size 25c makes five gallons—contains a spray—either size at your druggist or sent prepaid upon receipt of price by the Owl Chemical Co., Terre Haute, Ind. Genuine P. D. Q. is never published, sold by Fisher & Streck and Flood & Blake, druggists. — Adv.

A WORD TO THE WISE

Did you ever stop to think of the relation between GOOD EYES AND GOOD HEALTH? Possibly not; but you do know that EYE STRAIN is often responsible for HEADACHES AND NERVOUS SPELLS.

Don't you think it would be a good idea to Have Your EYES Examined by an EXPERT OPTOMETRIST? Go where the service is the best and where your credit is good.

Soft Shirt Cuff Buttons
COMFORT in soft shirts is reflected in the convenience of these link buttons. Not only are they stylish but they are attractive and easy to insert. That's what counts with the men.
Jewelry for Men
We are especially well stocked in Men's Jewelry this season. Men, who wear but little jewelry, can afford to have that little good. It is easy to choose—here. Our suggestions will be appreciated.

New Boston Cubs Reorganize

The New Boston Cubs baseball team met Thursday night and reorganized under the name of the Boston Red Sox. Sam Mowery was elected manager, Raymond Huselip captain and Marshall Pete Hall, treasurer and business manager. Any team wanting a game should call Mr. Mowery, Boston 74-11.

Sunday the Red Sox will play Schofield on the Harrisonville avenue diamond. The Sox will use the following lineup: Chin, middle; Huselip, second; Taylor, shortstop; Schwamberger, catcher; Tibbs, left; Wolfe, third; Semones, first; Mowery and Shover, pitchers. The team would like to hear from McDermott, Otway, Ironton, Franklin Furnace and Jackson.

At Steel Plant
James Rollins of Eighth street has taken a job in the Whitaker-Glossner plant.

GREENUP

Greenup citizens were suddenly awakened from their slumbers by pistol shots last night about midnight. Their first thoughts were that the bank robbers had returned to finish the job at the Citizens' State bank, but upon investigation it was found to be a "souse" who was getting rid of the last of his private stock. To celebrate it right he brought along his gun and was trying to shoot out the electric lights. He left town by freight leaving an empty bottle of a once famous brand of bottled in bond.

Greenup is getting more like New York every day. It now has a police force, consisting of Harry Curry, Mayor and Cuddy Greenshiff, patrolman.

Joe Bergmeyer, barber, has resigned his position in the Lawrence May barber shop to accept the position of chauffeur for the Stapt Undertaking Co., who have just recently purchased a new Cadillac ambulance and hearse.

Ed Loomis and Peggy Sturgill have opened a new garage in the rear of Dr. A. S. Brady's home.

Vernon Callahan has quit the grocery business to run for sheriff.

The new powder plant will soon be in full operation. It will mean much to Greenup.

Ralph Leslie and E. E. Fullerton have started a real estate agency. They bought 80 acres of farm land from the E. K. Railway just above town and will parcel this out in town lots, selling some of them and building houses on others.

ICE CREAM

AFTER WHAT'S GOOD

ONE SPOON CONVINCES you that Peerless ice cream stands at the very tip-top of iced confections. It has that creamy, velvet, none-such flavor you prize so highly. Pure and rich!

You must say **BAYER Aspirin**

"Bayer" on Genuine Aspirin—say "Bayer"

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12, and in bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monacellic acid, ester of Salicylic acid.

Sunday School Lesson

WORKING WITH OTHERS
REV. H. A. KIRK, WHEELERSBURG

Every believer is a member of
Christ's body and as such has a de-
finite ministry. Every member work-
ing for the advantage and well being
of the whole. Co-operation is our
watchword. "Team work" is our
slogan. It has long since been con-
clusively proven and definitely de-
cided that "I am my brother's keeper."

"No man liveth unto himself, and no
man dieth unto himself," but with
every act on the part of the individual
the whole is affected. The humblest
member of a household, a school, a
church, a Sunday school, a village still
belongs and is a part of the whole and
cannot cut himself off by any peti-
tiness. He still has all the responsi-
bilities belonging to such a member-
ship, whether he recognizes them and
is true to them or not.

Where were the school if all were
teachers or if all were pupils? So chil-
dren are needed as well as fathers and
mothers to make a perfect home. Both
followers and leaders are needed in a
community. An army of generals or
an army of privates would be absurd.
It is equally foolish for the humble to
be discouraged or for the brilliant
and powerful to be boastful. Each
has his part and it is a worthy part.

"Pope, in his 'Essay on Man' says:
'What if the foot, ordained the dust
to tread,
Or hand, to toil, aspired to be the
head?
What if the head, the eye, or ear
declined
To serve more engines to the ruling
mind?
Just as absurd for any part to claim
To be another in this general frame;
Just as absurd to mourn the fate or
pains
The great directing Mind of All
ordains.
All are but part of one stupendous
whole.'

The survival of the fittest is no
longer the philosophy of the day, but
the true Christian philosophy of our
attitude toward our fellowman is ex-
pressed in the following poem by W.
W. Longfellow:

"Live and let live," was the call of
the old—
The call of the world when the world
was cold—
The call of men when they piled
up—
The call of the race with a child in
the heart.

"But live and help live," is the
call of the new—
The cry of the world with the dead
shining thru—
The cry of the brother world that
is to birth—
The cry of the Christ for a world
like earth—
We must work with others if we
would work with God.

THE MARKETS

NEW YORK STOCKS

NEW YORK, May 13.—An uncertain tone ruled at the dull opening of today's stock market, although oils and some of the prominent specialties were disposed to strengthen. California and Mexican Petroleum, as well as junior issues of that group, were higher by fractions to 1/4 points and American International gained 1 point. Itals reflected renewed pressure. Southern Railway preferred for following an additional point on post-shipment of dividend actions. Sumatra Tobacco was heavy and equipments and motors continued to ease. Early prices for foreign exchange were slightly under the high records established yesterday.

Oils, steels, equipments, shippings and various miscellaneous shares were under further pressure in the first hour. Mexican, Pan-American Petroleum, Houston Oil, Crucible Steel, New York Airbrake, Mercantile Marine preferred, Sumatra Tobacco and Famous Players lost 1 to 3 points. An opening rate of 6 1/2 percent for call money, as against yesterday's 7 percent quotation, impeded short covering before noon. Under lead of General Asphalt, Royal Dutch, Studebaker and textiles and gas shares, many early losses fully recovered. Dealings in call's were unusually restricted, the only noteworthy movement being in Union Pacific, which rose 1 1/2 points. Lower money rates and the stronger position of the federal reserve banks brought partial stabilization of prices to the stock market today, but profit taking offset most gains at the end. Sales approximated \$800,000 shares. The closing was heavy.

GRAIN AND PROVISIONS

CHICAGO, May 13.—Wheat developed strength today after declining at the start. Traditions of frost coming west and northwest gave an advantage to the bulls, and so too did a renewal of crop damage reports from the south-west. Initial setbacks were ascribed to lack of buying orders in the temporary absence of any immediate fresh incentive. Opening quotations which ranged from 1 1/2 to 2 1/4 lower, with May 1 1/2 to 1 1/4, and July 1 1/4 to 1 1/2, were followed by a sharp upturn which carried the July delivery to well above yesterday's finish.

Corn reflected the changes in wheat. After opening unchanged to 1/4 @ 66 1/2 lower, including July at 62 1/2, the market scored slight general gains.

The close was unsettled at 1/4 @ 1 1/2 to 1 1/4, and July 1 1/4 to 1 1/2. Oats were covered chiefly by the action of other cereals, starting 1/4 to

% off to % up, with July 39 1/2, and later hardening all around. Steadiness in hog value tended to uphold provisions. The close was unsettled at the same as yesterday's finish to 1/4 advance, with May 1 1/4 to 1 1/4 and July 1 1/2 to 1 1/2.

Firemen Leap Into Life Net

As a part of the program of celebrating Fire Prevention Week, the fire ladders gave splendid demonstrations of ladder and life net work on the Gullin esplanade Thursday afternoon. Firemen Billy Williams and Stanley Schroeder made leaps into the nets from the third story of the First National Bank building and they were loudly applauded for the daring feat by the big crowd which witnessed the exhibitions. Pulmotor demonstrations were also given before the crowd, showing the method pursued in reviving victims of suffocation or drowning.

Priest Held In Million Dollar P. O. Robbery

TOLEDO, O., May 12.—Federal authorities announced today that steps will be taken immediately to bring to Toledo the Rev. Anthony Gorek, former Catholic priest here, who is under arrest in Chicago in connection with the million dollar post office robbery here of February 17, last.

Rev. Gorek was pastor of the church which Wanda Urbaytis, from whom he is said to have received a portion of the post office loot, attended ten or twelve years ago.

Stuart H. Jolin, federal prosecutor, assigned to the post office case, today ordered the immediate re-arrest of the Urbaytis girl, who was accused in an indictment charging conspiracy in connection with the robbery. The indictment against the girl was quashed for lack of evidence. Miss Urbaytis, supplying witnesses who testified she was in Chicago at the time of the robbery.

The authorities here declare they have been searching for Rev. Gorek for several weeks. He is said to have met the Urbaytis girl on a train bound for Chicago when she was escaping with her brother, Joe Urbaytis, and another alleged participant in the

\$55,000,000 In Biennial Appropriation Bill For Ohio

COLUMBUS, O., May 12.—The biennial appropriation bill, providing approximately \$55,000,000 for the operation of the state government for the next two years, had passed both houses of the legislature today. Only the sundry clause bill remained to be enacted today.

The Hamilton county delegation in the legislature waged a losing fight last night to get an appropriation of \$120,000 for the rental by the state of Longview Hospital in the big appropriation bill, and will make a final effort to secure this through a supplemental appropriation, which will be considered today by the joint conference committee on appropriations.

The Boylan bill, authorizing the state to lease to the city of Akron and Summit county, for 99 years, 12 miles of the Ohio canal for a roadway, which passed the senate last night after a bitter fight, was to come up in the house today for concurrence in house amendments.

The Burke bill, regulating the width of tires on motor trucks and weight of loads which may be hauled over the roads, passed the house with amendments last night and was to come before the senate today for concurrence in the house amendments. Tire manufacturers were said to be preparing to fight the passage of the bill in the senate.

Chevrolets reduced \$190. 13-14

Convention Sunday

The annual Washington Township Sunday School Convention will be held in the Old Town Methodist Church west of the city next Sunday evening, May 15.

Every Sunday school in the township is expected and urged to send all the delegates they can to this meeting, for in union there is strength.

A strong program is arranged for this occasion and the people in this neighborhood should take advantage of opportunities of this kind and work for a greater unity and co-operation in the work of the advancing Kingdom.

If every one will be a booster for attendance we will tax the capacity of the church. Conventions are being held all around us similar to this one, and so let Washington Township show the rest of the county what we can do.

The following is the program:

7:15—Praise Service.
7:30—The Young People and the Sunday School—Miss Pearl Eichelberger, County Young People's Superintendent.
7:50—Offering for the organized work.
Election of officers.
Special music.
8:00—Address on the Home and the Sunday School—J. H. Finney.

Sam Adams indulged too freely in "white lighting" Friday and then laid down to sleep on the jag at Tenth and John streets, where he was found by Officer Brannan and towed to police station.

Mrs. Howard Sellards Again Heads The Woman's Home Missionary Society

As a proof of her efficiency and the esteem in which she is held by the members, Mrs. Howard Sellards, of Offshore street, was re-elected to serve as president for the eighth year, at the convention of the Portsmouth District of the Woman's Home Missionary Society held Thursday at the Sciotoville M. E. church.

The convention was most successful, with excellent reports delivered by the various committees and secretaries. The ladies who spent the day at Sciotoville were given most cordial welcome by the Sciotoville ladies who provided for them, a bounteous dinner at noon and lunch in the evening.

Other officers chosen during the election to serve next year were: First Vice President — Mrs. John Bedell, of Jackson.

Second Vice President — Mrs. C. C. Davidson, of Jronton.

Third Vice President — Mrs. Fred Prediger, Wheelersburg.

Corresponding Secretary — Mrs. Effie M. Walker, Portsmouth.

Recording Secretary — Mrs. Phillip Farr, Wheelersburg.

Secretary of Evangelism — Mrs. Aaron Clark, Portsmouth.

Secretary of Young People's Work — Miss Winnie Stewart, Portsmouth.

Secretary of Children's Work — Mrs. U. S. Cornette, Portsmouth.

Secretary of Literature — Mrs. G. D. Waite, Portsmouth.

Secretary of Christian Stewardship — Mrs. J. P. Turner, Portsmouth.

Secretary of Temperance — Mrs. A. L. Clary, of Jronton.

Miss Box Secretary — Miss Clara Sherman, Portsmouth.

Treasurer — Mrs. Irene Delay, Jackson.

The evening session was opened with an address and devotion by Rev. N. E. Butler, of Trinity M. E. Church.

Twenty girls of the Trinity Queen Esther presented the beautiful pageant, "From Darkness to Light."

Chevrolets reduced \$190. 13-14

St. Mary's Class Play Big Success, Repeated Tonight

The pupils of St. Mary's, assisting the senior class, played before a capacity audience last night at the P. H. S. the seniors presenting their class play, "The Treasure Hunters." It will be repeated tonight. The directors and cast received many compliments on the excellent manner in which the play was given. The program opened with orchestral numbers by the High School orchestra, after which Billie Marie Malone played the piano accompaniment for the kiddies' up-toe drill and slumber song.

Snyder, Charles Snyder, Anna Goodman, Helen Schaeffer, Albert Sommer, Louise Glockner and William Haug were particularly good. "The Treasure Hunters" is a light opera, chosen by the seniors of 1921 as their class play because of the tremendous hit made by the graduates of 1920 by their class play which was of about the same character. The story is centered on the adventures of Tom Blake, an American inventor, who has been defrauded of his rights on a patent diving suit, by J. Winner Luce, an American capitalist, who is assisted by his tool, the Master Diver Squabs and Cortlandt Van Prissy, to whom Luce has betrothed his daughter, whom Blake loves. How Blake made use of the Pirates of Hokus Pocus to get back his sweetheart, diving suit rights, and in the end locate a sunken treasure ship gave the audience many thrills, laughs, sighs and proved an enjoyable evening for both old and young.

The play is in two acts. The setting for the first act is a scene at the grounds of the Governor's estate, at Hokus Pocus Island. Five husky Hokus Pocus in native costumes are discovered on the stage, and they begin the opening chorus with the "Song of the Sea Rovers" telling the audience all about a Pirate's life on the Rolling Deep. Act Two opens on the Pirates' Camp in the moonlight. The Hokus Pocus Belts, Brown Men enter singing, "Look Out for the Pirate Men" and this begins the second and last act.

The leading rolls were very well taken, Mr. Albert Sommer playing the part of Tom Blake, with Miss Anna Goodman playing opposite him as Madeline, daughter of J. Winner Luce. Van Prissy was played by Mr. Victor Labediz. Other leading parts were taken by the following:
Pedro Thaddeus Labediz.
Assistant Pirates—Elmore Bickel, Alex Glockner, Edward Brown, Edward Krick and Francis Goss-Stahler.
J. Winner Luce, an American Capitalist—Julian Snyder.
Mrs. Witherpoon: Van Prissy's Aunt—Louise Glockner.
Jimmy Squabs: A Master Diver—Charles Snyder.
Safrou Squabs, wife of Jimmy—Anna Glockner.
Aratura: Daughter of Datto of Hokus Pocus—Jane Snyder.
Commander Boomday: Of the

Cruiser Oklahoma—William Haug.
Daisy Boomday: Commander's Daughter—Helen Schaeffer.
Manuel Mandulley: Governor of Hokus Pocus—Raymond Flanagan.
Dozy: His Housekeeper—Lillian Landier.
Beverly Norton: Special Agent of U. S. Dept.—Charles Krick.
There were also native children, daughters of leading men of Hokus Pocus, U. S. Marines, natives of Hokus Pocus, Indians, Spanish Dancers and Brownies, all these parts being taken by the pupils of the High School and Primary Grades.
The songs and dances of the play were very fascinating and graceful, and the beautiful lights and costumes were important factors in the success of the play. The specialties, delightful diversions that helped the time between acts to pass quickly and pleasantly were as follows:
Tip Toe Song—Little Ones.
Sweet Pea March—Third and Fourth Grades.
Group of Dances—Pupils of Intermediate Grades.
Quarantine Singing—Boys of the High School.
The music was furnished by the school orchestra who as everyone knows by the past performances are but amateurs but artists nevertheless. "The Treasure Hunters" will be repeated tonight at the P. H. S. Auditorium for the benefit of those who did not go last night. Curtain pulled at 8:30 (new time) sharp, and the same cast of characters will be used.

Camp Sherman Champions At Coney Island Sunday

The champion team of Camp Sherman, the Seventh Regiment, will leave for Coney Island Sunday morning, and will be in the line of duty at the Coney Island Hotel, Sunday afternoon, in what is expected to be a genuine struggle. The soldiers are coming here with the reputation of being the best of the bunch, and they are, and again, maybe they are not. The game Sunday will decide that question.

Indicating that the game should have every possible setting, a special invitation has been extended to the members of the American Legion to attend the game. The American Legion boys have been boosting the contest, and they will be there in great numbers. Manager Shultz of the Stars, believes his team as it now stands, is one of the best ever gathered in Portsmouth. He says the boys have team work down to a fine point and are playing the game as it should be played. He has maneuvered a corking good pitcher in "Lefty" Farris, who pitched for the Central Labor Council team in the Industrial League this week. Manager Shultz is sanguine the well built twirler is headed for higher company. He has a world of native ability and best of all is absolutely confident. He or "Lefty" Townsend will work for the Stars, who have won their last two games and who hope to make an enviable reputation this season.

The Seventh Regiment team is composed of veterans. They have been playing together for two seasons and several of the men could now be out in front company did not have an unbreakable contract with Uncle Sam. They will come to Portsmouth in big army trucks, and promise to bring a large gang of rowers.

Captain Davis of the excursion steamer, J. P. Davis, has his boat in tip-top shape. She is as clean as a dipper and will leave the foot of Millside street at 1:30 o'clock p.m., and every half hour thereafter. The fare for the round trip is only 15 cents, while general admission to the grounds is 25 cents, with 15 cents extra for grand stand. Ladies will be admitted to the grand stand free. The game Sunday will start at 3 o'clock, new time.

Games This Week
Friday, May 13—Labor Council vs. Solvay.
Saturday, May 14—Excelsior vs. Selby.

The scheduled contest between the N. & W. Steel Plant team of the Industrial League, Thursday evening, was postponed on account of rain and wet grounds. When time to call the game a large crowd had assembled, but the going was entirely too rough and Empire Yeager called off hostilities, much to the regret of the crowd. The rain clouds were hanging pretty low, and Empire Yeager knew it would only be a question of a short time until they would spring a leak, and sure enough they did. The game will be played off as the second half of a double header some time soon.

Should the weather be favorable it is thought all attendance records will be broken this evening when the Solvay and Central Labor Council teams clash at 6 o'clock.

Groh May Go To Brooklyn

Now comes the story that Groh will be traded to the Brooklyn club for Pfeffer or Smith and \$40,000. Pfeffer and Smith are real pitchers and would add considerable strength to the Red's pathetically weak hurling staff.

Municipal League Schedule

Final plans for the Municipal League season were made last night at a meeting of the executive committee. Each team has posted its forfeit money and the season will open next Monday evening at 6 o'clock with the Red Sox team managed by M. M. Chilton and the Ohio Life Insurance team managed by Conrad Roth playing the opener. Each team will play twice a week, the other teams in the league being Vulcan Last company, Gilbert Grocery company, Postoffice, and Standard Supply company.

The schedule for the first three weeks of the season is as follows:
May 10—Ohio Life Ins. Co. vs. Retailers.
May 17—Postoffice vs. Gilbert Grocery.
May 18—Vulcan Last vs. Standard Supply.
May 19—Retailers vs. Gilbert Grocery.

CARPENTIER SECURES QUARTERS

NEW YORK, May 13.—George Carpentier's training quarters at Manhattan Island, where he will train for his fight, July 2, with Champion Jack Dempsey, have been completed. It was reported today.

Besides the outdoor arena, where the European champion will engage his sparring partners, an indoor ring has been constructed for use in inclement weather.

Tex Rickard, promoter of the championship bout, said today he was reasonably sure that the arena being erected in Jersey City would be complete by June 15. The box office sale of tickets for the bout began at Madison Square Garden today.

Sweet News To Mr. Groh

BROOKLYN, May 13.—Brooklyn filled up six runs in the first inning of its game Thursday with Cincinnati, and finally won 8 to 1. COURT HOUSE

Youth Dismissed
Perry Teeter, 16 years old, son of Mr. and Mrs. James Teeter of McDermott, was before the juvenile court Friday on a delinquency charge made by D. W. Lane, but after hearing from both sides Judge Gilliland dismissed the complaint and ordered each side to pay its own costs.

Late claimed that the youth threw stones and made threats and was generally inexcusable but the evidence did not support his statement and the lad was sent back home.

Application Filed
An application to admit Dorothy Monk, aged 20 years, 815 Mill street, to the state hospital for epileptics at Gallipolis, was filed in probate court Friday by Emma Hubert, social welfare worker, into whose custody the girl was ordered Friday by Judge Sprague when she appeared in Municipal court on a statutory charge.

Seeks New Trial
The defendant in the suit of Thomas Nichols against W. B. Ewing seeking a new trial through a motion filed Friday in Common Pleas court by his attorneys, Blair and Blair.

The plaintiff sued for damages to his automobile which was smashed up in a collision with the defendant's car in November 1919 and he was awarded a verdict for \$348 by a jury Wednesday.

Wife Seeks Alimony
Eliza Edwards, Grand Ave., and Kinney's Lane charges neglect, cruelty and infidelity in her suit for alimony from Fred Edwards, steelworker filed in common pleas court Friday.

In her petition filed through Attorney B. E. Kimble the plaintiff complains that Edwards has ever since her marriage to him on Independence Day 1918 given his time and associations over to other women and that he has failed to support her, besides, she declares, he has assaulted and beat her on numerous occasions the last time on May 10 last, when she asserts he brutally assaulted her for which offense he was arrested and sentenced to three months in jail and fined \$25.

New Trial Denied
Motion for a new trial has been overruled by Judge Thomas in the case of William Tipton and others against Camille Kline, according to an approved entry filed in the office of the clerk.

WHAT SHALL BE THE VERDICT?

FORTY chiefs of police, from as many New York cities, say that it is impossible to enforce prohibition, and the chief difficulty theretowards lies in the aversion of the average American citizen to act either as a spy or an informer.

Governor Miller, who has ordered rigid enforcement takes issue with the forty and says the police can tell a boot-legger by sight, if they look hard enough and intimates their sense of smell ought to lead them unerringly to the still.

Have we here a difference between a condition and a theory? The chiefs have the work to do, Governor Miller only orders it done. The enforcement officials may or may not be as sincere as he. If they be, if they have put forth an earnest and intelligent effort to carry out his instructions their judgment as to possibility in the given direction ought to be more accurate than his.

However, waiving this merely state issue aside, it must be confessed that so far prohibition has not been made either as effective as it should be or as expected. The signs are numerous that for the first time the national government is falling down in compelling the observance of its law. Failure isn't so much the result of effort at forcing obedience as an inability manifested so far to cope with a more general condition than ever presented itself in the form of violation. The desire and the unaltered purpose to indulge in strong drink on the one hand, coupled with the enticement of fabulous profits on the other, has suddenly converted veritable hundreds of thousands into law breakers and it is to be doubted if there be so much as a single hamlet, as there is quite certainly not a township in the whole land where illicit drink is unmanufactured in some form. This makes a situation most difficult to contend with; whether it is an impossible one to overcome is yet to be fully demonstrated.

Locally, officials both county and city, have been seemingly diligent in their efforts to quell the illegal traffic, they have made many and notable captures, but there isn't a shadow of a doubt that it goes on without perceptible diminution.

Into any consideration of the liquor questions it is ever well to make allowances of national characteristic, if we would arrive at any fair and reasonable conclusion. We are too prone as a people to exaggerate, too habitual in kicking, too impatient of results. Prohibition is on trial, the evidence for it can not be summarily shut off, it must have its full day before the bar of public opinion.

Therefore the only conclusion justifiable now is that it must have more efficient enforcement in the future than it has had with in the short period since its adoption, else can it not be held as anything like a complete success.

New-York-Day-By-Day

BY O. O. MAINTYRE

NEW YORK, May 13.—Thoughts while strolling around New York: Life bounces its bits. Two invitations to lunch. An appetite. Perhaps Mr. Einstein would like the girls get their stockings straight. It is a world of contrasts. They say Fifth Avenue's most popular performer eats hamburger cheese every night for dinner.

And how New York has the flapper band. How stout Ethel Barrymore is getting. Young boys with a man-of-the-world look. Illing away the golden hours. Their prototypes in prison coats. "I never had a chance." I never saw a poorly dressed Japanese. And they seem to get the best of both cuts. A cheap dance hall filled and it is only 10 a. m.

Buster Keaton in a primrose-yellow car. A lunch room for motorists. I'd like to cut there. Not so many silver dishes but he-fond. Old man selling faded violets. Italian fruit men with rings in their ears. And a church yard filled with pigeons. Children in make-shift wagons gathering kiding for kitchen fuel.

Add summer horrors: Soon we will have to look at the Society at Piping Rock pictures in the Sunday papers. As I live, a pair of white flannel pants. Probably an actor. They're only worn on the stage and the tennis courts. That little orange juice stand is run by a man who used to be one of the fair-haired boys of Broadway. But his money didn't last long.

Beauty parlors filling with their before-the-matinee crowds. Double chinched ladies and bloodless sirens. Mae Murray's husband. What is his name? Sort of blond Viking. A wedding at St. Thomas. Surrounded by policemen. I'll stick around. Maybe some body is going to swipe the bride's pearls.

Frank Ward O'Malley is the latest scrivener to leave New York flat, move to the wilds of New Jersey—and then laugh at our provincialism. No one knows New York better than O'Malley. For twenty years he wrote for the Sun the most delicious unsigned stories of the day.

Byron On the Stage

Another old-fashioned poet is to be rescued from obscurity next fall, when Lord Byron is to appear on the American stage in two plays, one "The Pilgrim of Eternity," the other "Lord Byron."

The years have dealt unkindly with the gallant poet, once quoted everywhere—so universally that the literature of his period is literally peppered with excerpts from his work.

But who reads Childe Harold's Pilgrimage now? Or The Bride of Abydos? Or The Island? The Prisoner of Chillon is mentioned occasionally, and students read English Bards and Scotch Reviewers in their literature courses; and of course Don Juan, being highly improper, remains a clandestine incident in one's reading, and every college boy commits to memory the lines beginning:

Maid of Athens, ere we part,
Give, oh, give me back my heart!

But the great body of the reading public now knows not Byron. We doubt if one in a thousand, reading of Napoleon's death anniversary recalls Byron's Ode to Napoleon Bonaparte, whose last verse carries so fine a tribute to the Father of Our Country:

When may the wearied eye repose,
When gazing on the great,
Where neither guilty glory glows,
Nor despicable state?

Yes—one—the first—the last—the best
The Cincinnati of the West.

Whom every dared not hate,
Requents the name of Washington.
To make him blush there was but one!

Edison On Education
Business men are amused when a college professor humorously discusses them and attempts to instruct them in the accumulation of profits. The skillful physician will not tolerate the suggestions of the neighbors in a critical case.

The shoemaker is safe only when he sticks to his last.

Great intellectual gifts in one field do not qualify a man for leadership in all employments. Henry Ford's talent in one industry is pre-eminent. His essays along other lines have not won approval. Is Mr. Edison to fall into the same ditch?

The world's greatest inventor expresses his amazement at the ignorance of young college graduates. Does he think the boy should leave college knowing everything? Is it just to label them ignorant when they fail to qualify on matters outside their studies?

Now Mr. Edison condemns the methods and school-books used in primary teaching, and would substitute motion pictures for them. Did he ever attempt to reach a primary class, that he would in one fell swoop destroy the best endeavors of educators for a century? It may be that the early education of the young men of today has been poor, and that such a fact accounts for their amazing ignorance, as he says, but where is the education of children and youth better than in the enlightened countries of today?

What man familiar with and accomplished in the education of the young would endorse an abandonment of the methods based on experience and built up on results, for moving picture experimentation?

A Wholesome Stimulant
Both body and mind respond to stimulants, some of which yield good results, others bad. The best bodily stimulants are pure open air, regular sleep, plain food, soap and water, and moderate exercise.

The best mental stimulants are a regular occupation backed by a purpose to excel in it, association with good minds either through books or conversation, intelligent travel, and the pursuit of the sum-total of human knowledge on some one subject.

When the last mentioned stimulus underlies all a man or woman's activities, zest for life never ceases. No matter what the subject may be—a plant, a bird, a tree, a river, a bee, a trade or what not—its study may last a lifetime. And the man who knows one thing more on any subject than any or all men is on a pinnacle.

One hundred per cent citizenship is the kind that asks from the government only order, protection of individual and property rights, and justice. It asks no special favors through class legislation of any kind, and wants only a fair field and opportunity for manly independence.

The quality of mercy, wrote our favorite poet, is not strained. We are wondering what he would write now of the strained relations between wholesale and retail food prices. They seem to be getting farther apart rather than closer together.

We doubt if the late war produced any soldier who will have the enduring love of Napoleon. Fame, it is to be remembered, does not always imply righteousness, nor anything approaching it.

Though fruit crops fail, men have no fear.
But trudge along with faith complete.
For they have found from year to year
That there are always things to eat.

They say that hoech's hard to get.
So, those who from fresh water shrink,
Seem glad to buy already rot.
Some nice emblemizing fluid to drink.

Lot of old-time joys have fled;
The blue law era seems begun.
But nearly every man, 'tis said,
Can still find ways to have some fun.

A Strike For Information
A Salina man tells this as happened to him. Early in the morning, one winter's day, came a wire from a friend in Chicago: How's the weather today out there?

"The sun is shining," the Salina man wired.

An hour later friend wired again: "Could not interpret message. Did you say sun was or was not shining?"

And the Salina man, looking out of the window, sent this: "Snowing to beat the band now."

And came another wire in mid-afternoon: "How much snow there now?"

To which the Salina man replied: "Bright sun out, has melted all the snow away again."

Baffled at Last
"Madam Cleo, the soothsayer, has retired from business, a victim of the housing shortage."

"How did that come about?"

"Most of her clients wanted to know where they'd be living next year, and all the usual nutheads for prying into the future failed."—Birmingham Age-Herald.

Lyre Not Liar
A number of stars on the cuff of a soldier aroused the fair visitor's curiosity.

"He's the battalion astronomer," explained her escort, gravely. "Most useful man, guides us home by the stars when we've lost our way on night maneuvers."

"How interesting," said the maiden. Then, noting the bandman's badge, the representation of an ancient stringed instrument, she exclaimed, slyly: "I suppose that thing on your arm means that you're the regimental lyre?"

Could Believe That
"Tell me, Janie, what was the most wonderful thing you saw at sea?"

"I think the strangest thing I saw was the flying-fish."

"Noo, liddle, dinnah mak' a fule of yer mother. What ever heard of fish flectin'?"

"Another strange thing I saw when crossing the Red Sea. We dropped anchor and when we raised it again there was one of the wheels of Pharaoh's chariot on it."

"Aye, liddle, I believe you. We're Scripture for that."—Kansas City Times.

Q. What proportion of the men employed by mines actually work underground?—E. D.

A. In bituminous mines four-fifths of the employees are underground, directly engaged in getting out the coal. In anthracite mines, about one-third of the men are actually mining coal, the rest being occupied in preparing and moving it.

Q. Can a branch of an apple tree be grafted on a pear tree and the branch bear apples and the pear tree bear pears?—M. D.

A. The Department of Agriculture says that although it is true that a branch of the apple tree can be grafted to a pear tree and the branch bear apples and the pear tree bear pears, this is not common and is simply regarded as a curiosity. Such a method of propagation has no practical possibilities.

Q. Was Father Froebel a Catholic? Did he name his school "Kindergarten"?—P. F. N.

A. Friedrich Froebel, the founder of the kindergarten system, was a Lutheran, not a Roman Catholic. He was born in 1782, but it was not until 1836 or 1837 that he decided to devote himself to work along educational lines. It was not until 1826 or 1827 that he gave the name "kindergarten" to the system of teaching children which he had gradually developed.

Q. What is the procedure in water-proofing a canvas?—A. P. L.

A. Coat the canvas with a mixture of three solutions, as follows: (a) Gelatine, 50 grams; (b) Alum, 100 grams; (c) Soda soap, dissolved in 2 l. of water. (d) Has Japan any new battleships? How large are they?—C. R. K.

A. The four new battleships of Japan are the Fuso, Iyama, Ise and Yamashiro. They are 658 feet long, have a displacement of 31,000, and a speed of 22.5 knots. Their main batteries are 12 14-inch guns. The armor on the turrets is 12 inches. These ships were completed during 1915-18.

Q. How much milk is held in the udder of the average milk cow at the time of milking?—E. J.

A. The Department of Agriculture says that there is very little milk held in the udder at the beginning of the milking process. The milk is made largely during the process of milking.

Q. When were combs first used?—M. V. T.

A. There are records to show that combs have been used from the remotest times. They were an article of adornment in ancient Greece and Rome. Ivory combs were common among the Egyptians. They have also been found in Anglo-Saxon graves.

Q. Flectin' tell me if there is a place called "Avalon"?—K. C.

A. Avalon is a legendary island, to which King Arthur was supposed to have been conveyed after being wounded in his last battle. It has been identified with various places, notably Glastonbury and Somersetshire. Avalon is probably merely the old Celtic representation of Paradise, or the "Happy other world."

Annual Convention

The annual Rush-Union Sunday school convention will be held in the Methodist church in McDermott Sunday afternoon May 15.

It is expected that every Sunday School in this district will send a number of delegates to attend this convention to take back to your school a good report that every school may benefit by the convention.

A strong program is arranged for the occasion with speakers from Portsmouth besides help on the local field. The following is the program in general:

2:00 P. M. Devotional.
2:15 "One Task" by E. E. Barnhart, District Director.

2:25 The Young People and the Sunday School. Miss Pearl Eichelberger, County Young People's Superintendent.

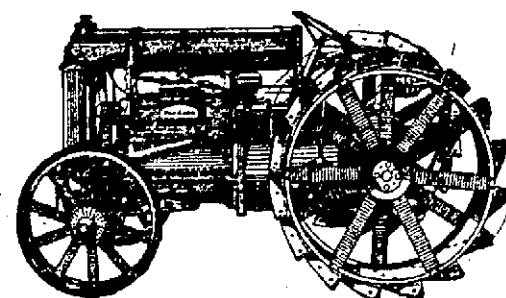

3:00 Election of officers. Offering for the organized work. Music.
3:15 The World's Convention in Tokyo. Mr. W. W. Gans, County president.

Power Farming with the Fordson

The Fordson Tractor is taking care of every power job: it is taking the drudgery out of farm work and solving the labor problem. Power farming with the Fordson reduces the cost of preparing land to almost one half what it would be with horses, and saves a third to a half of the farmer's time. What machinery does for the factory, the Fordson Tractor is accomplishing on the farm—it is increasing production at lower cost and making farm life attractive.

Apply this power farming idea in your threshing. More and more farmers are making themselves independent of unfavorable conditions by using the Fordson tractor linked up with a light threshing. By getting the right moment and being able to do the job without waiting and in quick time, crop losses are avoided and profits increased.

The Fordson operates with kerosene. When used on belt work, running at full power at 1,000 R. P. M., the fuel consumption does not exceed 2 3/4 gallons per hour. It will run the electric light plant, operates the milking machine and straw balers—will take care of every kind of belt work.

The Fordson plows 6 to 8 acres in a 10-hour day, handling two plows with ease in the average soil. It requires an average of only 1 1/2 to 2 gallons of kerosene to the acre.

It is the ideal year-round tractor. It will pay for its full winter keep in many ways such as road work, hauling grain to the elevator, pumping water and moving granaries. Write for our interesting book "The Fordson At Work."

PIKE COUNTY MAN AND HIS HORSE KILLED WHEN STRUCK BY LIGHTNING

Jacob Hart, 65, farmer of Union Hill, near Idaho, nine miles west of Pikeston, and a horse he was riding, were killed when struck by lightning Thursday evening at 7 p. m. They were found tangled up in telephone wires which had fallen to the road when a telephone pole was snapped in two by the lightning.

Hart was found by his wife who had become uneasy over his delayed arrival. She had expected him home from Idaho before 7 o'clock, but thinking that he was delayed waited until nine o'clock before she started a search for him. The dead man and his horse were found about a mile from Idaho, which place he had left about five o'clock for his home. The dead bodies were found in front of what is known as the Buckingham sheep farm.

Just how Mr. Hart and horse happened to be tangled up in the telephone wires will never be known. Judging from the position in which the bodies were found the man and horse were on top of the wires which indicated that the wires were down before Hart and his horse reached that point.

Coroner Dr. F. C. Metzger of Warrenton, was notified and he visited the Hart home this morning and after an examination of the body and an investigation of the scene he gave a verdict of "accidental death."

Mr. Hart was well known in Idaho and vicinity. He is survived by his widow and four children. One of his sons, William, lives at Pikeston, near Pikeston, Mrs. Will Baskin of Columbus and Ollie and Mae at home.
